

TANZANIA SOCIETY OF ANIMAL PRODUCTION (TSAP)

The 46th Annual Scientific Conference for the Tanzania Society of Animal Production (TSAP)

OLASIT GARDEN, ARUSHA, TANZANIA FROM 25th TO 27th OCTOBER, 2023

Excellent opportunity that brings together scientists, policy makers, professionals, and students from interdisciplinary fields of Animal Science, Range, Veterinary, Fisheries, Aquaculture, Economics, and other stakeholders with interest in the livestock and fisheries sectors to share latest reports in science and development. It is time for meeting, old and new friends to forge strong partnerships for R&D projects in Tanzania and worldwide. Come, share your experience during this era of industrialization in Africa amid the pressures of changing environment, culture, and technologies.

CONFERENCE THEME: Merging Indigenous Knowledge and Modern Technologies to Transform the Livestock and Fish Value Chains

Sub-themes:

- (i) Indigenous technologies and their role in Livestock and Fish value chains transformation;
- (ii) The need for modern technologies for livestock and fish values chains transformation;
- (iii) Cross-cutting issues in Livestock and Fish Production;
- (iv) Funding and Insurance avenues for transformation of the fish and livestock value chains.

ABSTRACTS: Contributors are invited to submit electronic abstracts of **Good Scientific Quality**, written in English, **300 words**, which address any of the conference sub-themes. The scientific committee will decide the mode of presentation after a thorough review. Authors of accepted abstracts will be invited to submit papers which will be reviewed for considered of publication in a selected Journal. **DEADLINE: 31st July, 2023**
